

Eberhard Karls Universität Tübingen

The Faculty of Mathematics and Natural Sciences invites applications for a

full professorship (W3) in Theoretical Physics

at the Institute for Theoretical Physics of the Physics Department.

The expected start date of the position is Oct.1, 2011.

The successful candidate is expected to primarily represent the field “Statistical Physics of soft and biological matter“, in both research and teaching, and to fully participate in teaching of theoretical physics at all levels. Interest in close collaborations with the existing experimental groups at the Institute for Applied Physics and/or the Physics Institute at Tübingen University, as well as in participation in the overall research profile of the Faculty are expected as well.

Formal employment conditions include an outstanding research record, habilitation or equivalent qualification, and demonstrated pedagogical skills.

The University is seeking to increase the number of female faculty members and therefore especially encourages suitably qualified women to apply.

Applicants with a physical handicap will be given preference over other candidates, provided they are equally qualified.

Applications (with curriculum vitae, copies of degree certificates, list of publications and teaching records, list of grants received over the past five years, and list of research co-operations and plans for future research) should be sent in electronic form to the Dean of the Faculty of Mathematics and Natural Sciences of Tübingen University (dekanat@mnf.uni-tuebingen.de), by March 31, 2011.
